

NEW: Hybrid Buoyant Cables

Linden's 4 Channel Hybrid Cable

Linden Photonics introduces **hybrid cables** to its expanding product line. Copper and fiber elements in a **lightweight**, yet strong and robust tether cable. Linden can customize your size, buoyancy and strength; from **neutrally buoyant** designs to extremely thin cables with various conductor offerings and fiber types available. Linden's patented cable jacket construction is designed to protect the fiber in the harsh subsea environment. Our cables are compact and rugged; flexible and strong.
